## Notice of Negligence to all Schools

To whom it may concern:

It has come to the attention of the North American National Party that the Satanic Temple, by their own admission, is a pedophile organization. The particular type of pedophile group is called "little boy lover". This group is full of very cunning people and are backed by many like them. It is easier for groups like this to infiltrate and allow pedophiles to get close and groom children if using a fake religion to gain rights that are non-existent.

Please do not be embarrassed for falling for this group's claims. If you are not familiar with groups like this, you would automatically look at the religious aspect of their claims rather than their actual intent. It would be highly negligent on the part of the school board to allow any form of a rental agreement or any other agreement with the Satanic Temple.

The safety of the children is of the utmost importance to all. We would not want the sickness of negligence of that obligation when you have been noticed and the claim of a fake Satanic Temple to cover the real intentions of the group which is to have sex with those that are

underage and cannot consent.

Please investigate this further at the following [LINK](#). The North American National Party is extremely concerned about this issue, so please take this Notice seriously and do your due diligence to research this information.
