'DEAR TOM'

DOES YOUR VOTE COUNT? JOIN A BODY POLITIC AND CLAIM YOUR VOTE BACK!

In Section 1 of the Constitution of the United States, it says:

The right of citizens of the United States, who are eighteen years of age or older, to vote shall not be denied or abridged by the United States or by any State on account of age.

If votes only apply to citizens of the United States, when did you become a citizen of the United States? When you complete your tax return, don't you check off U.S. citizen or Resident? If that is the case, then you never had a vote.

By remaining affiliated and contracted with the Republican and Democratic parties within the United States, you relinquish your vote and are acquiescent to the red and blue parties governing you without you having any voice. Above is an example of how you can go about claiming your vote back by exercising your rights within a real social compact as a member of the North American National Party for The United States of America.

'DEAR TOM'

Q: Why does a government need a national currency?

A: Without a national currency, you don't have a nation. You are subservient to whomever creates the currency. With a national currency, anything you purchase with it belongs to you.
